

# 2009 is the Year America Can Achieve Quality, Affordable Health Care We All Can Count On

Americans know it's getting tougher to get good, affordable health care no matter how hard we work. Even if we take responsibility for ourselves and our families and make good choices, there is still no guarantee we will get what we pay for. **We need an American solution to the health care crisis that guarantees quality, affordable health care we all can count on.** Across our state and across the country, we are asking Members of Congress to support quality, affordable health care for all.

**We are united for quality, affordable health care for all in 2009.**

## What We're For:

- Coverage You Can Afford
- Comprehensive Benefits You Can Count On
- Choice of Private or Public Health Insurance Plan
- Equal Access to Quality Care

## Health Care for America Now

is fighting for a uniquely American solution that gives you **real choice** and a **guarantee of quality coverage you can afford**: keep your private insurance plan or join a new public health insurance plan so you are no longer at the mercy of the private insurance industry.
