

LINDA GREENSTEIN

Fighting for Working Families

✓ **Investing in Education.** In these tough economic times, Greenstein has fought to protect education funding and make education affordable for all New Jerseyans. She was a key sponsor of the NJ Stars program, which provided college scholarships to students. (S1192, 2004)

✓ **Protecting Collective Bargaining Rights.** Greenstein opposes the Christie administration's "toolkit" provisions to eliminate the civil service system, weaken arbitration and roll back pensions. She believes we should settle things at the bargaining table. (A688)

✓ **Defending Health Care and Retirement Security.** Greenstein fought to protect defined-benefit pension plans for public employees. She voted against legislation that undermined public employees' health care and retirement security. (S2, S3)

Vote 'Yes' on Ballot Question #1. A 'yes' vote stops future raids on your hard-earned employee benefit funds.
