

Rutgers Council of AAUP Chapters

American Association of University Professors - American Federation of Teachers

November 12, 2007

Dear colleague:

Your 2007-2011 AAUP-AFT contract with the Rutgers Administration includes provisions for a Faculty Development Fund that will be used toward financing an increase in the ranks of full-time tenured and tenure-track faculty of no less than one hundred additional members, net, by the end of the contract. The establishment of this program was initiated as a union proposal in the recent contract negotiations, and it is partially supported with potential added salary dollars that might otherwise have gone to current faculty and that will in fact revert to faculty on the payroll as of June 30, 2011 if the contractual goals for additional hires are not met. We, the union, intend that the goal will be met, and we are confident that the administration shares our intention.

Toward this end, we are now making public a list of the 2,033 tenured and tenure-track full-time faculty on the second payroll of October, 2007, as called for in the contract. This list is linked [here](#) or can be accessed from the homepage of our web site at www.rutgersaaup.org in the "Please Note" box. The contract specifies that this number must grow at least by 100, for a total of 2,133, by June 30, 2011 (counting written acceptances by new hires received as of that date). We will publish a similar list as of the second payroll of October for each of the next three years, and then a final list and tally as of June 30, 2011. We share with the administration the commitment to making new appointments of the highest possible quality, which can take time, and for that reason we did not seek contracted specifications about how many additional hires there would be each year. Nonetheless, we should see some advancement toward the final goal as each year elapses.

We have checked with the administration and reached agreement that this list is correct. However, if you believe that your name is not on this list but should be, or vice versa, please let us know as soon as possible and we will attempt to resolve the issue.

Yours truly,

Lisa C. Klein, President
Adrienne Eaton and Rudy Bell, Co-Chairs of the Negotiating Team
Rutgers AAUP-AFT
