

Rutgers Council of AAUP Chapters

American Association of University Professors - American Federation of Teachers

Greetings,

We did it! Faculty who teach during summer and winter sessions voted overwhelmingly in favor of union representation. The Rutgers AAUP-AFT filed a petition today with the New Jersey Public Employment Relations Commission (PERC) to represent Summer Session and Winter Session instructors for the purpose of collective bargaining. The next step is for PERC to certify the AAUP-AFT as the Summer Session and Winter Session union.

While the PERC process takes place, we will continue our preparation for negotiations. We once again invite you to complete our three surveys if you have not done so already.

[Quality Education Survey](#)

[Compensation Survey](#)

If you teach in the summer or winter sessions at Rutgers, we encourage you to participate in the negotiations process. For questions or more information contact the AAUP-AFT at aaup@rutgersaaup.org or call (732) 964-1000.

Sincerely,

Rutgers AAUP-AFT Summer/Winter Organizing Committee
