

Graduate Student Association (GSA) Resolution to join the Rutgers One Coalition

Whereas the faculty, administration, and staff are essential to the successful operation of Rutgers University; and

Whereas the University has not been honouring its contractual obligations to faculty and staff; and

Whereas many graduate students are actively involved on campus as members of organizations such as the AAUP-AFT, to foster union growth and efficacy; and

Whereas the Rutgers One Coalition represents the interests of faculty, staff, and students, and seeks “1) Access and affordability for students; 2) Fair contracts and working conditions for all university employees; and 3) Transparency and democratic representation on campus”; therefore

Be it resolved that the GSA recognises the right of all workers to collectively bargain; and

Be it further resolved that the GSA supports the AAUP-AFT; and

Be it further resolved that the GSA condemns the bad faith actions of the University in not only renegeing on a promised salary increase, but in failing to adequately alert the faculty representatives

Be it finally enacted that the GSA joins the Rutgers One Coalition in an effort to unite students, faculty, and staff at Rutgers University.
